# Assembly checklist

Read through the instructions carefully before you begin.

Make sure you have all the required tools. Never use power tools unless instructed.

Identify and lay out all of the components before you begin assembly.

Unless instructed, do not fully tighten screws until the item is fully assembled.

## Useful information

! Never use power tools unless specifically instructed. They can damage your components or hardware if used incorrectly.

! If you are having any difficulties assembling your product, missing any hardware or components please visit our website Help Centre for further assistance.

! Periodically check and re-tighten all fasteners. Check the product care label or website for product care instructions.

! Never use any glue until you are certain that the parts belong together.

! Bulky items such as wardrobes and bunk beds should be assembled in the room they will be used as they may not fit through a door once assembled.

! Always use a soft surface (such as carpet or cardboard) when assembling your product to avoid scratching or damaging the surface of the product.

! The most common mistakes made during assembly are using the wrong hardware or getting components back to front.

Unless instructed, do not fully tighten screws until the item is fully assembled.

Make sure you have all the required tools.

Never use power tools unless instructed.

! Please see page 2 for any safety requirements or weight restrictions.

## Step 1

Insert 5 x castors into the star base (P5) one at a time as shown. Push down firmly on each castor to ensure they are fixed into position.

## Step 2

Note: Make sure to remove the plastic cap from the top of gas lift.

Remove the plastic cap from the top of the gas lift (P3). Place the decoration cap (P4) over the top of the star base (P5). Insert the gas lift (P3) through the decoration cap (P4) and into the star base (P5) as shown.

## Step 3

You will need	
	
4xBolts (H1)	Allen Key (H2)

Align the holes of the seat plate (P2) to the holes of the underside of the seat (P1). Attach the seat plate (P2) to the underside of the seat (P1) with 4xbolts(H1) using an allen key (H2).

## Step 4

Position the centre on the seat plate (P2) over the top of the gas lift (P3). Carefully lower the seat (P1) onto the gas lift (P3). Carefully and firmly press the seat down firmly to lock it into position. Check the connection is secure before sitting in the chair.
