

Assembly Instructions

logo

picture of a set

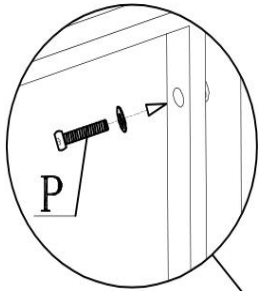

screws

screws:M6*35	12PCS
wrench	1PCS
gasket	12PCS

Assembly of chair

Align the four holes and tighten the screw and gasket with a wrench

Assembly of tea table

Align the four holes and tighten the screw and gasket with a wrench like the table

Before tighten up the screw, make sure all the screw was installed and the legs of the chair or table are on the ground. Then tighten up the screw gradually

Some panel frame might be distorted during the transportation. Please correct it before screw up.
