-  **5*60 Sharp nails 2PCS**

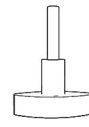

K *4

L *4

M *2

N *4

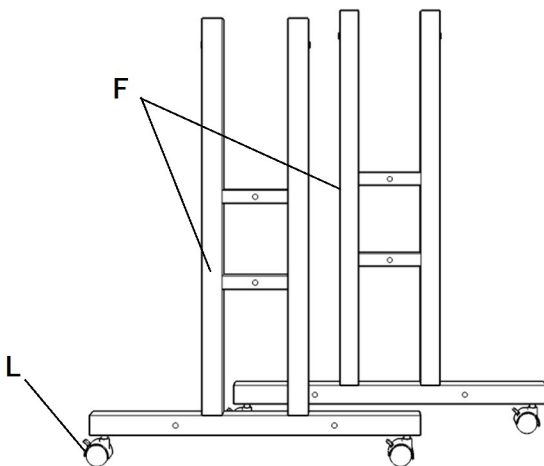

O *1

Note

1. Check the parts on the manual
2. Use correct nails
3. Do not let your children access the small parts

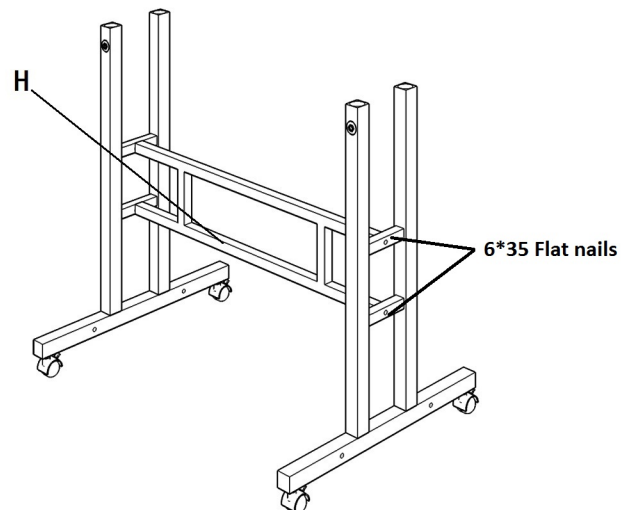

Step

1

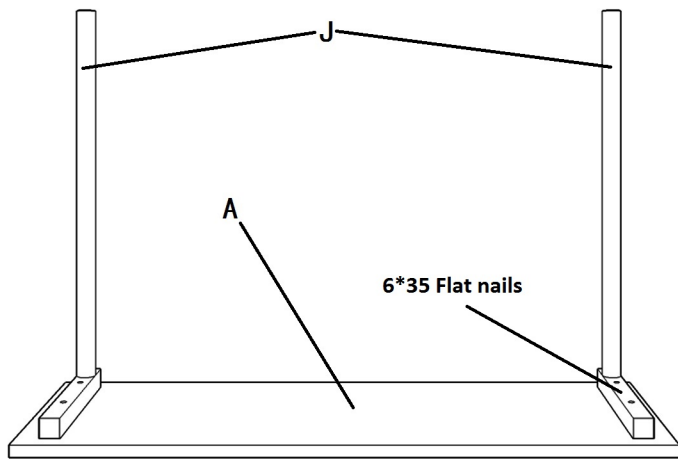

Install Part L(big wheel) on the Part F(side frame)

2

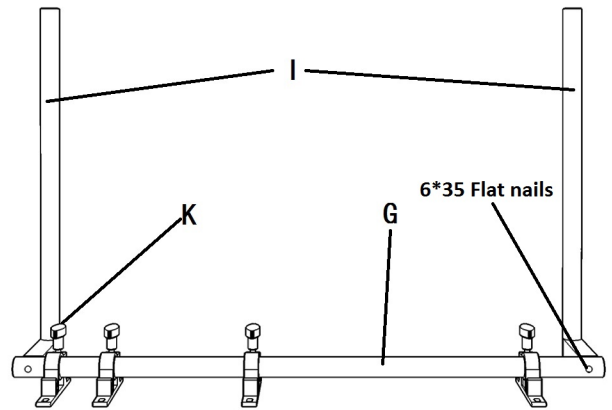

Install Part H(middle frame),use 6*35 Flat nails

3

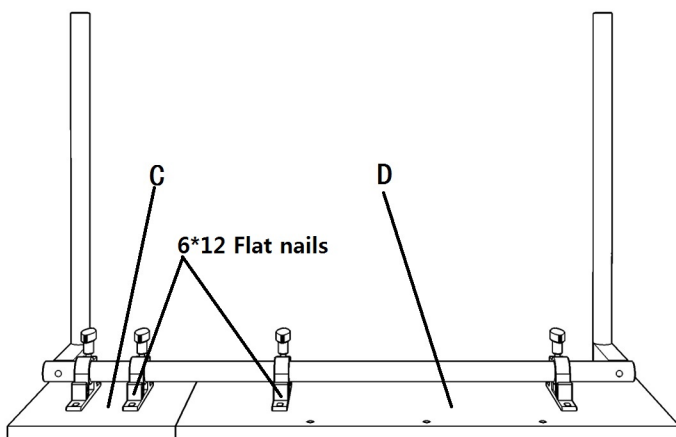

Install Part J on Part A, use 6*35 Flat nails

4

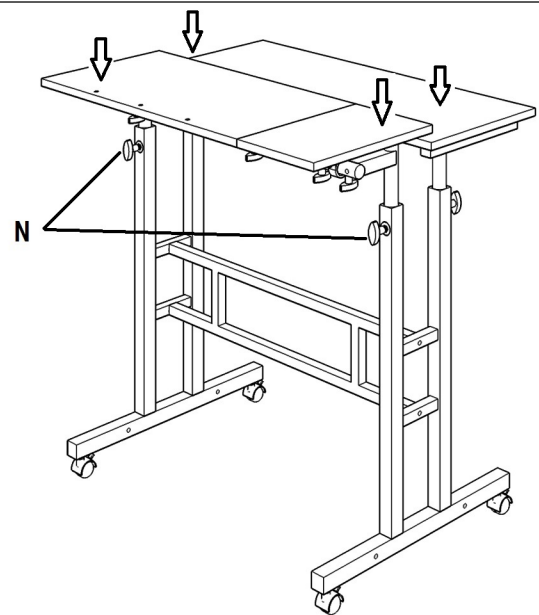

Note: The Part K should be installed on the same way. Insert Part G (the single pole) in all the part K first, then install the Part I on both ends of Part G.

5

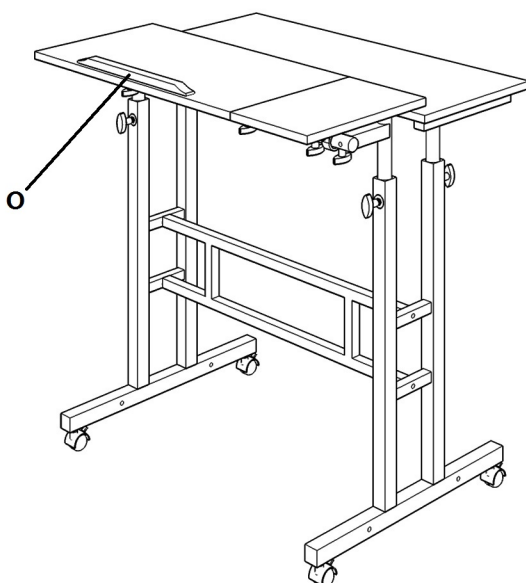

Note: Use the shortest nails (6*12 Flat nails). Use these nails to fix the Part K on the boards (Part C & Part D).

6

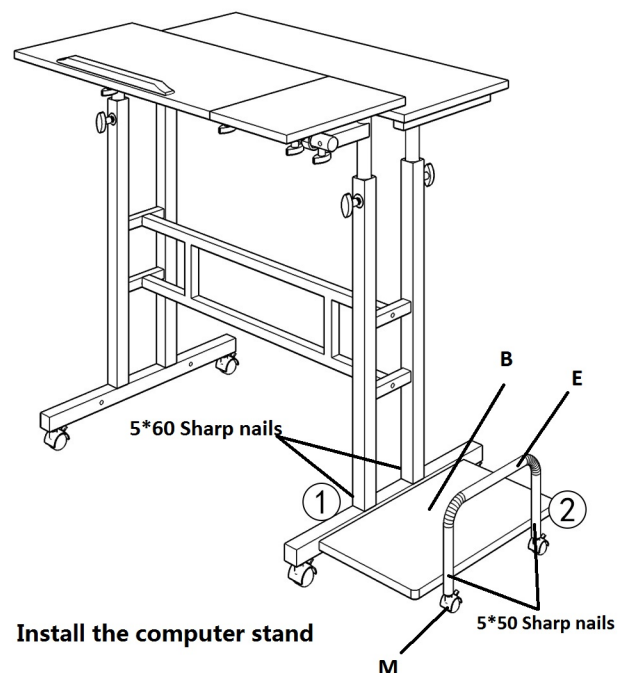

Insert the desk top parts on the desk frame, install the knobs (Part N).

7

Install Part O, use 6*25 Flat nails

8

Install the computer stand
