

Product Care & Maintenance

Upholstered Rugs

We want you to enjoy your Fantastic Furniture rug for as long as possible, with simple care and maintenance you will extend the life of your rug.

General maintenance is recommended, with regular vacuuming on a low setting to remove dirt build up. Blot food and liquid spills immediately with a clean dry white cloth. Avoid rubbing spills as this might make matters worse. If further cleaning is required use a warm mild soapy solution made from non coloured soap flakes and water. Allow to dry thoroughly away from direct heat or sunlight.

Protect your rug from direct sunlight to avoid rapid and excessive fading from our sun's harmful UV rays. Rotating your rug and moving furniture around will also help it to wear evenly.

These care instructions are a general guide – for any specific instructions check your product care label.
