Useful Information

! Never use power tools unless specifically instructed. They can damage your components or hardware if used incorrectly.

! The most common mistakes made during assembly are using the wrong hardware or getting components back to front.

! Always use a soft surface(such as carpet or cardboard) when assembling your product to avoid scratching or damaging the surface of the product

! Bulky items such as wardrobes and bunk beds should be assembled in the room they will be used in as they may not fit through a door once assembled.

! Never use any glue until you are certain that the parts belong together.

! Periodically check and re-tighten all fasteners. Check the product care label or website for product care instructions.

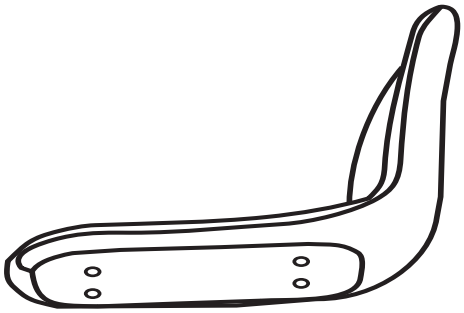

! If you are having any difficulties assembling your product, missing any hardware or components please visit our website Help Centre for further assistance.
